

WILSON WANTS SENATE TO CONTINUE IN SESSION

Members Warned to Be Prepared for Emergency Legislation Growing Out of War.

ALL ABSENTEES SUMMONED

New Developments End All Hope for Adjournment by October 1, and Make it Probable That Session Will Last Until December.

WASHINGTON, August 29.—President Wilson has ordered to all members of the Senate in Washington in order to be prepared for emergency legislation. Senator Lewis, the Senate whip, today telegraphed all absentees to return to the city.

It is understood that one of the purposes in holding the Senate together is to be prepared for legislation touching the situation in the Orient where, in the language of one of the administration members, "certain emergency legislation may be required at any hour on the receipt of news touching matters in the Orient, where the war between Germany and Japan may involve around the Philippines."

On the return of the absentees, a caucus will be held to determine whether the railroad securities bill shall be put through and whether the river and harbor bill should be taken up. A war tax measure and measures to meet the emergency caused by the objections of foreign governments to the United States buying ships to handle commerce, will also be considered.

The possibility of drafting new neutrality laws for the government, in order that citizens of the United States will be prevented from aiding the enemy, will be taken up. It is realized that if the objections of the foreign powers against the purchase by the United States of foreign ships to be used for the transport of troops for government-owned ships will fall, unless it is found practicable to quickly build ships in this country.

There is a growing sentiment in Congress for a limited expression from the United States on its right to buy ships in good faith for the protection of its commerce in strictly neutral trade, and the Senate caucus may result in drastic action.

The legislative conference will begin on Wednesday and will be continued until a complete program for the session is finished.

The new developments and all hope for adjournment on October 1, and it is now likely that the session will adjourn only on the eve of the new session in December.

Although the House leaders are reticent, it is understood that the action of Representative Underwood in putting through a resolution calling the members back to Washington has been the same motive that is bringing the Senate members back.

The House Democrats, who were scheduled to aid in the Maine campaign, will be allowed to go and Senator Johnson, of Maine, will be permitted to return home for a short time during the campaign. Every effort is being made in Washington not to alarm the country, but Secretary Bryan's warning to all Americans to return home, and the President's appeal to Congress to remain in readiness for action point strongly to the uncertainty of unbusiness in the administration.

It is significant that Secretary Bryan's appeal was not limited to Americans in Europe, but included all Americans abroad.

WILL NEED GREAT ARMY

LONDON, August 29 (2:45 P. M.).—The Marshal Lord Roberts declared today that Great Britain in the present war would require a million of thousands of soldiers. At a review of a new regiment of 1,200 London business men he said:

"You are doing exactly what all able-bodied men in the kingdom should do, namely, to get their rank or station in life."

"We are engaged in a life and death struggle and you are showing your determination to do your duty as soldiers."

County Officers nominated.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

After the Bath

Air-Floet Talcum Powder—hoated, perfumed—guaranteed pure. TALCUM PUFF COMPANY. Dealers and Manufacturers, Bush Terminal Bldg., BROOKLYN, NEW YORK.

Air-Floet Talcum Powder

Perfectly Sterilized Instruments

The same reasons that make perfectly sterilized instruments necessary in surgery apply with equal force in dentistry. Too often this matter is carelessly watched. After we use an instrument it is carefully washed and sterilized. No disease germs are carried from the mouth of one patient to another.

Union Dentists

Painless Dentistry. Beautiful Set Teeth (That Fit) \$5.00. Gold Filling \$1.00. Silver Filling 50c. Bridge Work, 22-k, fine \$85.00. No charge for express extracting when other work is done. Examinations free. All work guaranteed for 20 years. Hours, 8 A. M. to 6 P. M., Sundays, 10 to 4. Tuesday, Thursday and Saturday until 8 P. M.

WARM THANKS CONVEYED TO AMBASSADOR GERARD

British Government Thanks American Envoy for Aid Rendered British Citizens in Germany.

WASHINGTON, August 29.—The British ambassador, Sir Cecil Spring-Rice, today conveyed to secretary Bryan the thanks of the British government to American Ambassador Gerard at Berlin for assisting Sir Edward Goschen and the British embassy staff at Berlin at the time of the rupture between Germany and England.

The message refers to the great assistance of a personal nature rendered to the British embassy by the United States ambassador and his staff. It says Mr. Gerard repeatedly visited the embassy of his own accord, undeterred by the hostile attitude of the crowd, and often, at considerable risk, extricated many British subjects from difficult situations. It adds: "It is a pleasure to me to inform you that I have received Sir Edward Goschen's instructions to request that the warm thanks of His Majesty's government may be conveyed to Mr. Gerard for his great personal devotion and energy under these trying circumstances, and I beg you to be so good as to cause this appreciation of his kindly action to be conveyed to Mr. Gerard."

ISAAC E. PALMER ENDS LIFE

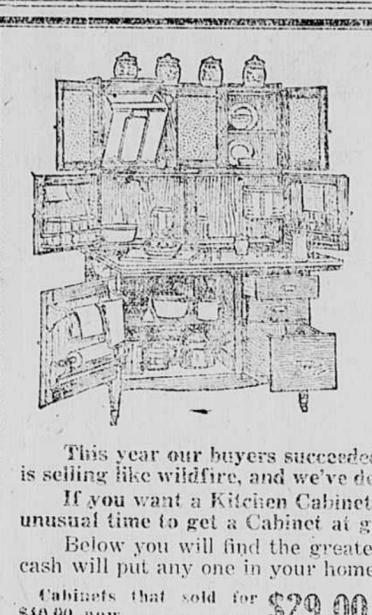

Millionaire Hammock Manufacturer Dies in His Own Home. (Special to The Times-Dispatch.) MIDDLETOWN, CONN., August 29.—Isaac E. Palmer, aged seventy-nine, millionaire hammock manufacturer and one of the most prominent citizens of this city, committed suicide in his factory in this city this afternoon.

The family and officials refuse any information except to say that he was suffering from acute mental depression.
